# Vote for Centennial

Dear Parents,

For those who have previously consented for your child to complete surveys for the ISSP program - This is a friendly reminder that your child will be completing the survey (e.g., social emotional wellbeing, school climate, and resilience) in the next two weeks.

Please remember that your child's participation in this questionnaire is completely voluntary. Even though you had originally consented that your child participates, you may withdraw your consent at any time up to two weeks after completing the survey each time. Your child may also decline to participate or to answer any or all of the questions.

We would also like to remind you of who to contact if you would like your child to stop participating in the study:

Dr. Gabrielle Wilcox, PsyD  
School & Applied Child Psychology
